# Holloway's Dream Garden

— The Home Of —  
MODERN GLADS

Gage T. Holloway - - (1948) - - Henry, Nebraska

Give fools their gold and knaves their power;  
Let fortune's bubbles rise and fall;  
Who sows a field or trains a flower,  
Or plants a tree, is more than all.

—John Greenleaf Whittier.

This is Etta or Mrs. Gage T. that slips those top extras  
in your shipments.

Our thanks go out to you good people in appreciation of your continued patronage and good will, which have made it possible for us to successfully navigate the uncharted seas through which all business has been sailing during the past year. Your fine letters are a further source of satisfaction, and regret our inability to make a personal reply in each instance.

Perhaps it should be mentioned here that we do not issue a **Fall List** and with stocks of so many varieties to check, it is impossible to get our new Spring Catalog in the mail until **late January** each and every year.

## "MOON SIGN BOOK"

The little book that a lot of people in all walks of life swear by, 256 pages, annually compiled by Llewellyn Publications, Ltd. No penal offense in a little experimenting and you could conclude it pays to get in harmony with nature. Postpaid \$1.10; Supplied with bulb orders aggregating \$10 or over for 85c each.

**"1948 INTRODUCTIONS — No Discount"**

**ADORATION** (Klein) (4208) (Prelude X Zauberflote) (X Picardy). A "new" color being a pink orchid with creamy throat, a perfect blend. Beautifully colored, early tall husky grower and 7 perfectly placed 5" florets open at once. Bulb-lets make mostly cutable spikes, considered Mr. Klein's best origination and should be very popular with florists.

Priced: Any size bulb \$3.00. No bulblets.

**BLUE BOY** (Butt) (Sdlg. 37173) (Josef Haydn X Blue Sdlg.) (Joyful X Triumph)—Deep blue violet with deeper throat. A very fine and attractive color. It is not a tall grower about 43", although flower heads are of good length 23"-24" carrying 18-20 buds. Florets about 5" across with 6-7 open, well placed. This is a new color and will be hard to beat for florists use.

Priced: Any size bulb \$3.00. No bulblets.

**BLACK CHERRY** (Rich) (Midnight Red X Arabella) (X Rich Red)—Giant black red which grows 50 inches or more tall. Opens 9 giant blooms on a spike with up to 20 buds. Does not burn. Prolific producer of bulblets which germinate. Has won many awards as a seedling and without doubt, the last word in black reds.

Priced: Any size bulb \$4.00. Bulblets 1 for \$.50, 10 for \$4.00.

**CLEO** (Youmans)—One of the attractions at the International show held at Bing-hampton, N. Y. this year. A new shade of soft pink with buff undertones, a scarlet blotch overlaying the lower petal. The plant grows to a height of 59 inches with a 27 inch flower head carrying 20 buds. Eight or more heavily ruffled 5 inch florets of chamois like texture open on a good stiff stem, with four buds showing color. The florets are perfect and formal in placement and its resistance to handling should make it excellent for shipping. Both germination and propagation are good.

Priced: L. \$5.00; M. \$5.00; S. \$3.00. One L. and 10 bulblets for \$10.00. Bulblets not sold separately.

**COTILLION** (Butt) (Sdlg. 40642) (Beacon X J. S. Bach)—Deep pink with a creamy yellow throat. Not an unusual color but a very useful one, especially for the florist. What makes this variety valuable is that it will open very easily 10 perfectly placed florets at once, often more. Tall grower, 55 inches, with 25"-26" flower heads, and 18-20 buds. Slightly frilled florets about 5½" across. A few spikes will come crooked like Beacon, but one spike is a real bouquet and it will be difficult to top this for the best spike in the show. Midseason.

Priced: Any size bulb \$3.00. No bulblets.

**EUREKA** (Fairweather)—Will compete with all so called white sports of Picardy, identical in habits, 5 feet tall, opens 8 or more 5½" florets. Bulbs do not split, heavy propagator and considered a top commercial white as well as show flower.

Priced: L. \$3.00; M. \$2.50. Bulblets 10 for \$3.50.

**GOLD MEDAL** (F Beardmore-Krueger) (Sdlg. 42-06) (Originator's description).—A giant glad in the yellow color class is startling news, and Gold Medal is an appropriate name for the first representative of such size in this color group. Gold Medal is in my opinion, a yellow with buff tones particularly in the upper throat area, and petal edges. Some people may differ and wish to classify its color as buff. I am certain that no difference of opinion will exist as to its beauty, for the giant florets, 5¼" to 6¼", with their heavy substance and fine ruffling, when grouped in 6 to 8 open clusters on a spike, make it a truly beautiful glad, one that is easily remembered. The flower head attains a length of 20 to 24 inches on a long stem. The plants grow to a height of 48" and the spike towers up to 65" or more. Gold Medal is not perfect, for a small percentage of misplaced florets result, and a few crooks out of a hundred may be expected. The record of Gold Medal on the show table speaks for its quality, winning high honors wherever shown and scoring 87 at St. Paul in '47.

Priced: L. \$5.00; M. \$4.00; S. \$3.00. No bulblets.

**HEARTS DESIRE** (Fiedler-Puerner) A large light pink, shading into white with a pastel yellow throat; it has a prominent mid rib and wide open florets which measure 5½ to 6 inches in width with six to seven open. An average of 20 buds will be counted on a tall spike of approximately sixty inches. All buds will open in water. The upright deep green foliage is of average height. Its parents, Rose Marie Pfitzer and Picardy, contributed to its ruffling. The bulbs are healthy, producing an average number of bulblets, which germinate easily. A pleasing addition to your garden.

Priced: L. \$4.00; M. \$3.50; S. \$3.00. Large bulb and 10 bulblets \$8.00.

**SPRING SONG** (Kadel) (Red Penny X Libelle)—Recommended to those looking for a large flowered early lavender gladiolus for the cut flower trade. Large, ruffled, medium shade of lavender with deeper marking. Carries 16 to 20 buds on a 27 inch flower head. Grows 50 inches tall. A planting of uniform size bulbs is "cutout" in a period of 8 days after coming in bloom. Blooming season about the same as Red Penny. Like that variety, it is a strong, healthy grower which frequently blooms from bulblets.

Priced: Any size bulb \$2.00; 10 for \$16.00. Bulblets, 12 may be purchased for \$2.00 with each bulb, not sold separately.

**REDOWA** (Butt) (Sdlg. 40283) (Admiral X Red Charm)—Bright scarlet red with darker red throat mark enhancing its beauty. Tall grower 55" with 27"-28" flower heads, 18-20 buds. Florets 5" wide, very slightly frilled with 7-8 open at once, regularly placed and firmly attached. Bulblets of this variety grow extremely well and flower freely, developing many cutable spikes and they stay green until dug. An easy grower and most valuable for both exhibition and florists' work.

Priced: Any size bulb \$3.00. No bulblets.

**RED WING** (Wright-Graff)—A rival in the red class. Red Wing attains a height over sixty inches, growing from foliage lushly green and upright on a straight stem. It has 32" flower head comprised of 22-24 buds with the power of opening ten 5½-6 inch florets, with six buds showing color. Superimposed on the lower petals is a deep scarlet blush which provides that essential spark which captivates the eye. The florets are slightly recurved and ruffled, with a mid rib in the petal which lends appeal. All buds open to the tip when cut tight which is a desirable property for both a good show and commercial flower. Both bulblet and germination are very good, producing tall straight saleable spikes.

Priced: L. \$5.00; M. \$4.00; S. \$3.00. 10 bulblets sold only with a large bulb for \$10.00.

**RELIANT** (Krueger) (Originator's description)—The giant of all gladiolas, in plant, in floret size and in bud spikes. These traits make Reliant a must purchase for all hybridists. Its parentage is Criterion crossed on a seedling segregated from an open pollinated Maid of Orleans. The florets of Reliant are white with a cream throat blotch and 6" or more in diameter. It opens 6 to 8 on a bud spike of 24" to 36" length (depending on moisture) which carry up to 24 buds. It grows to a height of 60". No glad is more capable of impressing the viewer than Reliant. It blooms in late season, good propagator and bulblets germinate readily. A spike with 24 buds—8 open is a potential champion and a good stock allows a low introductory price.

Priced: L. \$3.00; M. \$2.00; S. \$1.00. 10 bulblets for \$3.00.

**TWO NEW MINIATURES** (From L. W. Butt) (Originator's description)—It is not an overstatement to say that a basket of these miniatures at the great show in Binghamton, N. Y., was the center of attraction and literally "stole the show." Everyone who saw them expressed a desire to purchase bulbs, and on every side you could hear people saying that for the first time they had found some small flowering varieties which they really liked and which were beautiful.

**BO-PEEP** (Sdlg. 40041) (Crinklette x Mibloom)—Buff pink with a yellowish throat faintly dusted red. Very early, deeply ruffled and of heavy substance. Grows to a height of about 40" with 17-18" flower heads that carry 16-17 buds of which 5-6 open at once informally arranged. Florets are 3" wide. Most attractive in form and color and an ideal glad for florists' use.

Bulbs any size \$5.00 each.

**TWINKLES** (Sdlg. 40371) (Harlekin x Crinklette)—Dark orange pink on the outer petals with a deep yellow center on which are reddish lines. A very attractive color. Early, deeply ruffled and of heavy substance. Averages 36-38 inches in height with 16-18" flower heads. 17-18 buds of which 5-7 florets open at once usually but not always well arranged. A fine garden variety as it is a sturdy grower and large bulbs give many spikes.

Bulbs any size \$5.00 each.

## GENERAL PREPAID LIST — PLEASE READ CAREFULLY

In many instances we do not list at the ten rate and to take care of the quantity buyer, you may deduct 20% discount on all orders of \$10.00 or over. 25% deposit will hold your bulbs until spring, but would suggest that you do not delay ordering until we could be sold out on many items.

It is gratifying to know we are not outdone by other growers in the inclusion of "top" extras that go with all orders and while we should perhaps "Doll Up Our Catalog" with pictures and lengthy descriptions, this procedure would much reduce or virtually wipe out the discount given our good customers through the years and very evident it is not as yet our policy to reserve this discount for the printer.

Please remember discount and on items priced per 10, you may have 3 or more bulbs at the 10 rate, providing the aggregate of such items is not less than 20c.

"SUPER VALUE PREPAID SPECIAL"

The number in parenthesis ( ), at the end of each item listed below, designates the number of bulblets in each variety, constitutes one item and is separate from the bulb item. Take your choice, no two bulb items or two bulblet items alike and no discount on this special. 6 items \$3; 11 items \$5; and 23 items \$10.  
(Please Note: All bulbs in the various sizes constitute one item and the bulb-lets listed are a separate item).

While no discount is offered on wholesale prices, to assist in transportation cost for those of large requirements you may deduct 5% discount on orders aggregating \$50 or over from this list.

#### UNLABELED COLLECTION — (Prepaid)

These assorted Med. and Large size bulbs will be very good and include many fine varieties in the high priced bracket.

50 bulbs for \$3.50; 100 bulbs for \$6; 200 bulbs for \$10. (Same collections in small bulbs at half price; most of them will bloom if planted early).

Do not confuse these collections with the ordinary mixtures on the market.
